Achim Gippers

M.Sc. , MBA

Mr. Gippers is Founder and Managing Director of ADDUCTUM GMBH which is established for providing Senior Executive Interim Management as well as Mergers and Acquisitions Advisory.

Mr. Gippers can draw upon his wide-ranging technical and operational expertise, as well as extensive experience in the restructuring and realignment of international companies in the Automotive, Machinery and renewable Energy industries. In addition, he is an expert in the field of mergers and acquisitions. Mr. Gippers holds also Board Member positions in medium sized companies.

For more than one decade up to year 2006 Mr. Gippers was major shareholder and CEO of an automotive supplier for interior and exterior plastic and metal parts including assembly to components and systems.

Prior to acquiring his supply business, Mr. Gippers was for several years Member of the Board of a Holding Company with 17 medium-sized entities in the glass and insulating business, located in Europe and in the United States. At the same time Mr. Gippers was also Managing Director in two subsidiaries of the Holding Company.

After finishing a Master of Science in Manufacturing Engineering at the RWTH Aachen University and a Master in Business Administration at the Technical University Munich, Mr. Gippers' first post was a five year long appointment in a leading international consulting company.

Mr. Gippers is fluent in English, French and Italian, basic in Spanish
